

03002

JAVA

Course Details

Course No	03002
Course Name	JAVA
Course Type	Programming
Course Cost	150 JD
No of Lectures	20 Lectures
No of Hours	40 Hours
Lecturer	Mohammad Al-Jada
Text Book	FD JAVA

Introduction

This course is about Programming Using JAVA Programming Language, the students will start with the structure and keywords of the programming language, then the student will know through this course all kind of programming techniques on JAVA like loops, if statement, classes, pointers, and to high level programming techniques.

Lectures

Subject

Lectures

General structure of JAVA program

2

Variable system

2

Input and output on screen

2

For and do loops

2

If statements

2

Pointers

2

Functions and Subroutines

2

Arrays

2

Classes

2

Inheritance

2
